

## Anchor ANBRVW03-46T 45" Video Wall Bracket:

This professional video-wall mount features an innovative pop-out design that enables fast and easy display alignment and adjustment, within a multi-display video wall. A versatile video wall mounting system Engineered with heavy-duty steel, the video-wall mount securely supports 45" displays, weighing up to 110 lb. (50 kg). Using multiple VIDWALLMNT wall mounts, you can create an impressive video wall, enabling you to align your displays in unison. It's the ideal solution for public, business and commercial displays and includes an anti-theft feature (with padlock required). Align your displays seamlessly With its unique pop-out design, the video wall mount helps you align your displays with perfect precision. Once installed, you simply press gently on the front of the display and the mount extends out from the wall for rear-screen access.

## Featuers & Specifications:
