

TURN YOUR IPAD INTO A LAPTOP WITH ONE CLICK

Now you can enjoy laptop-like typing anywhere you take your iPad® (5th, 6th, 7th gen) or iPad Air® (3rd gen). This all-in-one case has a slim and light design that makes it easy to use and carry around, all while keeping your iPad safe from bumps, scratches, and spills. No matter where you need to get your work done — a café table, desk, or even your lap — Slim Folio locks your iPad at an optimal angle for typing, viewing, or sketching and holds firm on any surface.

KEY FEATURES

Slim Folio offers three unique modes to help you accomplish any task.
Type Mode: Just dock the keyboard upright and type away.
Sketch Mode: Collapse the iPad screen to take notes or draw with Logitech Crayon®.
Read Mode: Fold the keyboard back to read books, articles, and more.

COMFORTABLE LAPTOP-LIKE TYPING

Enjoy hours of comfortable, flexible typing thanks to large, well-spaced keys stretched edge-to-edge so your hands won't feel crowded. Our premium keyboards are designed to deliver the perfect bounce every time you press a key for fast, accurate typing. With a full row of shortcut keys, you can perform your favorite iOS-specific actions and optimize your productivity.

CONVENIENTLY INTEGRATED KEYBOARD

Slim Folio's keyboard is integrated into the case so it won't get lost and is always there when you're ready to type.

2 ANGLES FOR TYPING, VIEWING, AND SKETCHING

In Type Mode, Slim Folio holds your iPad at a 58° angle that's great for getting work done with the keyboard. Collapse the case and Slim Folio will hold your iPad at a comfortable 10° angle that's optimal for viewing your favorite shows, handwriting notes, drawing, and more.

FRONT AND BACK PROTECTION

Slim Folio carefully envelopes your iPad for protection against bumps, scratches, and spills. On the inside, a lightweight frame and keyboard module provide structural integrity without weighing down your iPad.

HOME FOR LOGITECH CRAYON AND OTHER DIGITAL PENCILS

Sketch, write, then store your Logitech Crayon or Apple Pencil (1st gen) where it won't get lost or in the way. The convenient holder will keep it firmly in place until you're ready to use it next.
