MobileOffice S400
Two Steps to managing your paper document

The MobileOffice S400 is a portable scanner for managing your business cards, organizing checks, receipts and expenses.

With the press of a button, the Mobile Office S400 converts paper documents into Searchable PDF. ABBYY FineReader 9.0 Sprint, in conjunction with Plustek's advanced image processing, provide accu-

rate Optical Character Recognition (OCR) and reliable conversion to Searchable PDF and editable Microsoft Office formats.
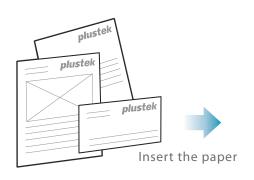

The Plustek MobileOffice S400 is designed with Business travelers in mind but it is rugged enough to be used in any vertical application requiring an easily transportable, mobile scanner.
