

SureColor SC-P800

DATASHEET

Superior-quality A2 photo printer with flexible connectivity and roll paper option for creating professional prints on a range of media

The SureColor SC-P800 is Epson's top-of-the-range A2 desktop ProPhoto printer. This superior-quality printer uses UltraChrome HD ink and is ideal for professional photographers and artists wishing to produce true-to-life photos on a range of media. Users can also easily print from a number of devices, including tablets, PCs and smartphones, thanks to Wi-Fi connectivity.

Superior quality prints

Using UltraChrome HD ink, our new nine-colour ink-set, the SC-P800 produces true-to-life photos with vivid colours and the deepest blacks on the market¹. Your prints will last for ages thanks to the inks' improved lightfastness², and large 80ml ink cartridges mean fewer trips to change the ink.

Print on a range of media

The SC-P800 is the smallest A2 printer with roll paper option¹, which enables users to print panoramic photos on formats such as banners and gallery wrap canvas. Three paper paths, including a front-loading fine art paper path, means users can easily switch between different formats.

Stay connected

With the SC-P800, it is easier than ever before to print from a whole range of devices. This model is the first 17-inch photo printer with wireless functionality¹ and Epson Connect compatibility for great flexibility and freedom, meaning easy printing from tablets, PCs and smartphones. Wi-Fi Direct is also supported, meaning the printer can easily communicate with your smart devices.

Easy-to-use

The SC-P800 features quick, simple set-up and operation thanks to a large 2.7-inch colour touch panel. It guides the user through how to load different media types and enables them to easily switch between these before printing.

High-quality look and feel

A new sleek, modern design means the printer has the smallest footprint of any A2 printer on the market¹ and it fits well where space is an issue, at home or in the studio.

KEY FEATURES

- **Nine-colour UltraChrome HD inks**
Exceptional quality colour images with deep blacks and rich tones
- **Roll paper option**
Print panoramic photos on formats such as banners and gallery wrap canvas
- **Wi-Fi Direct and Epson Connect**
Easy to connect wirelessly and over the Cloud
- **Large colour 2.7 inch touch screen**
Easily set up and monitoring without the need for a PC
- **Large 80ml ink cartridges**
Ideal for large print runs of professional-quality photo prints

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Ink Technology	Ultrachrome® HD
PRINT	
Colours	Light Black, Light Light Black, Photo Black, Matte Black, Cyan, Light Cyan, Yellow, Vivid Magenta, Vivid Light Magenta
Nozzle Configuration	180 Nozzles black, 180 Nozzles per colour
Ink tank capacity	80 ml
Minimum Droplet Size	3.5 pl, With Variable-Sized Droplet Technology
PAPER / MEDIA HANDLING	
Compatible Paper Thickness	0.29 mm - 1.5 mm
Compatible Paper Weight	73 g/m ² - 1,000 g/m ²
Paper Tray Capacity	120 Sheets Standard
GENERAL	
Energy Use	21 W, 1.8 W (standby), 0.5 W (Power off)
Supply Voltage	AC 220 V - 240 V, 50 Hz - 60 Hz
Product dimensions	684 x 376 x 250 mm (Width x Depth x Height)
Product weight	19.5 kg
Noise Level	Operation: 49.6 dB (A)
OTHER FEATURES	
Memory	Printer: 256 MB
Features	Touchscreen
OTHER	
Media Handling	Auto Sheet Feeder, Borderless print, Fine Art Paper Path, Manual duplex, Roll Paper, Thick Media Support
OTHER	
Warranty	12 months On-site service Optional warranty extension available

LOGISTICS INFORMATION

SKU	C11CE22301BX
EAN code	8715946605500
Dimensions Single Carton	795 x 525 x 395 mm
Carton Weight	26.39 Kg
Country of Origin	China
Layer	2 Units

1. - Compared against competitors' A2 photo printers with a 6-colour or greater ink-set available as of January 2015
2. - Compared to Epson UltraChome K3 ink. Lightfastness of UltraChome HD ink determined as approximately 60 years when tested in conditions based on JEITA CP-3901A standard (A4 glossy paper, temperature 23°C and humidity 50%).
