WorkForce AL-M400DTN

Monochrome laser printer with fast 45ppm print speeds, Gigabit Ethernet and 1,250-sheet paper capacity - expandable to 2,350 sheets

The WorkForce AL-M400DTN is one of Epson's most hardworking and reliable A4 monochrome laser printers, thanks to it having one of the highest duty cycles in its class – up to 200,000 pages. This model has a compact footprint that suits medium-sized workgroups and comes with a 1,250-sheet paper capacity as standard - expandable up to 2,350-sheets.

Aimed at medium-sized workgroups who are looking for high productivity, this model offers reliable, high-performance printing as well as Gigabit Ethernet and fast, double-sided printing.

The Workforce AL-M400DTN also offers consistently fast printing up to 45ppm[1], with a first-page-out time of 5.5 seconds, as well as high-quality results up to 1,200dpi resolution. Internal memory can also be increased to 1152Mb, to help process all business printing needs.

High-performance is teamed up with reliable printing, thanks to high-yield toners and a heavy-duty output, which provides excellent return on investment. In addition, users can print and share from anywhere in the office thanks to Epson's mobile printing app, Epson iPrint. This user-friendly application enables wireless printing from smartphones and tablet PCs[2].

The reliability of the WorkForce AL-M400DTN allows businesses to concentrate on their work without the inconvenience of downtime, enhancing productivity and providing greater peace of mind.

TONER CARTRIDGE COLLECTION PROGRAM

This free service helps us to collect and recycle used Epson toner cartridges in a safe and environmentally-friendly way. There are three easy ways to dispose of your empty cartridges and take an action role in reducing waste:

- Put them in a toner cartridge collection box which will be picked up once full
- Return them free of charge by Post
- Drop them off at an Epson Express Center. Please visit www.epson.com/recycle for more details about the program.

1. - Determined in accordance with ISO/IEC 24734 showing the average of ESAT / FSOT from the Office Category Test for default simplex /duplex. For more information visit www.epson.eu/testing
2. - The smartphone and tablet PC being used must be connected to Wi-Fi network within the same subnet as the Epson iPrint enabled printers. For more information, supported languages and devices, please visit www.epsonconnect.eu
